

EMPOWERING YOUR BRAND WITH **LABEL STOCK SOLUTIONS**

Your partner for application based
label stock solutions.

INDUSTRIES WE SERVE

AUTOMOBILE | BATTERY & ELECTRONICS | DIGITAL/OFFSET SHEETS |
FMCG/COSMETIC | LIQUOR | LOGISTICS | MEDICAL & HEALTHCARE | OIL
& LUBRICANTS | SECURITY | SPECIALITY | LABELS

WHO WE ARE

At Dubble, we pride ourselves on being a trusted partner in the labelling industry. We believe in quality service and love solving problems!

With 25+ years of experience, we have become a preferred choice for label stock and release liners.

WHAT WE OFFER

Comprehensive Labelling Solutions

We have a wide range of label stock and release liners tailored to your needs.

PREMIUM RAW MATERIAL

QUALITY ASSURANCE

CUSTOM SOLUTIONS

INNOVATIVE TECHNOLOGY

SUSTAINABLE OPTIONS

With us, your labelling challenges become opportunities for creative solutions.

HOW WE WORK

At Dubble, we're dedicated to helping your brand thrive. We have skills to precisely control the essential parameters like adhesive tack and release force as per requirement of the application courtesy of our 25+ years of experience in the label stock and release liner industry.

Our team of experts is ready to assist you to ensure your projects are a resounding success. We use premium quality paper for smooth processing and premium looking print.

TRUSTED BY INDUSTRY LEADERS

Our primary clients are expert printers transforming our label stock into outstanding labels.

In a fiercely competitive market, Dubble has consistently risen to the top. While we share the field with industry giants, it's our unwavering commitment to quality, customer satisfaction, and innovative solutions that truly sets us apart.

MEDICAL AND HEALTHCARE INDUSTRY

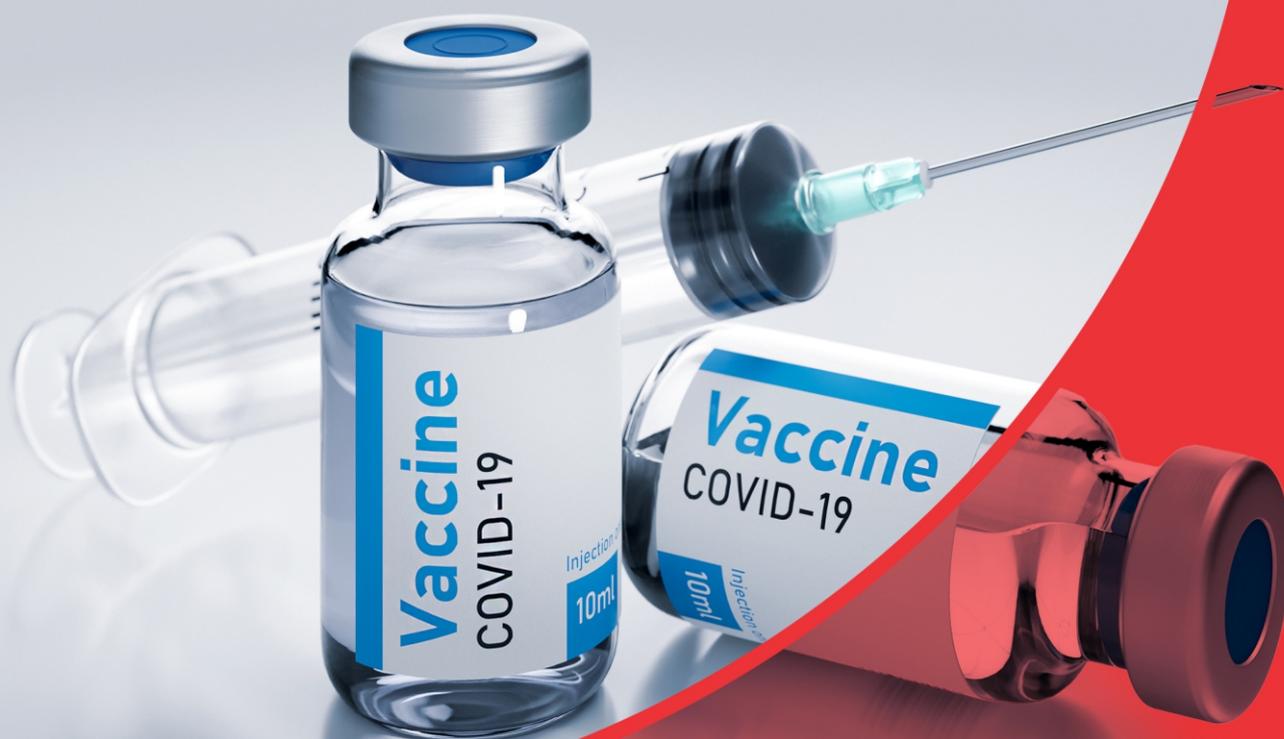

In the healthcare sector, precision and safety are paramount. Our materials ensure clear and secure labelling, contributing to patient safety. Moreover, our hygienic solutions protect against contamination, maintaining the integrity of medical supplies.

With Dubble, precision, hygiene, and regulatory adherence come together to enhance patient care and safety.

Here's our specialty solutions-

Vials and Injections

| Face | Adhesive | Features |
|---------------------------------------|----------|---|
| Chromo (60, 65, 70) gsm | HM | 1- Stick on small curvatures also (dia <25mm). |
| BOPP (Clear 50μ, White 60μ) | | 2- Withstands minus degrees. 3- Resistant to moisture and chemicals commonly found in laboratory environments. |

Plasma and Blood Bank

| Face | Adhesive | Features |
|--|----------|---|
| Chromo (70, 80) gsm BOPP (Clear 50μ, White 60μ) | HM-ST | 1- Sticks in deep freeze conditions. 2- Suitable for labelling medical-specimens, storage containers, and cryo vials. 3- Provides durable identification. |

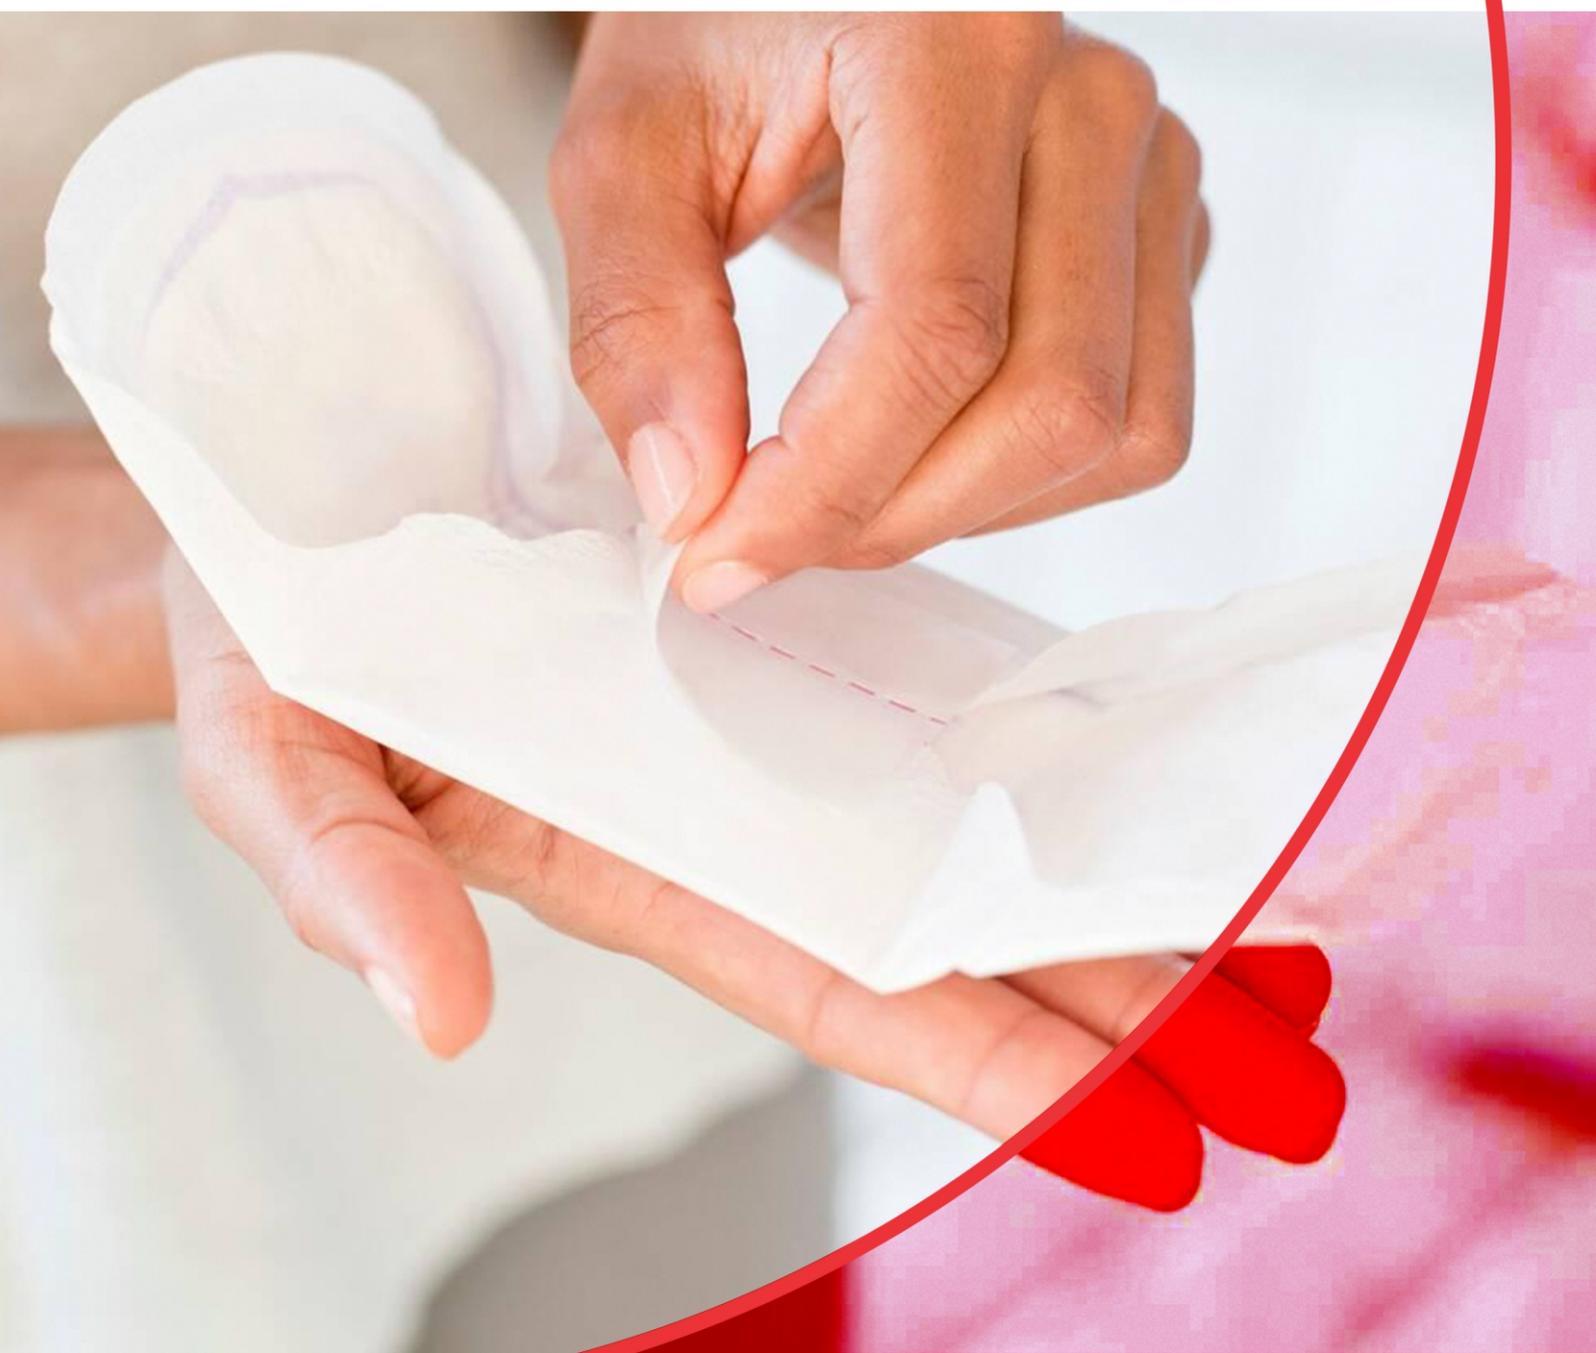

Wound dressings

| Release | Coating | Features |
|---------------------------------|---------|---|
| Glassine (60, 65) gsm | SLE | 1- For easy peel and safe delivery of band-aids. 2- Promotes safe and aseptic delivery. 3- Provides a protective barrier for wound dressings. |

Sanitary Pads

| Release | Coating | Features |
|---------------------------|---------|--|
| MGK Paper (28, 35) gsm | SLPE | <ol style="list-style-type: none">1- For easy peel and safe medical use.2- Promotes safe and aseptic delivery.3- Medical grade release liner that is compliant to medical usage. |

OIL AND LUBRICANTS INDUSTRY

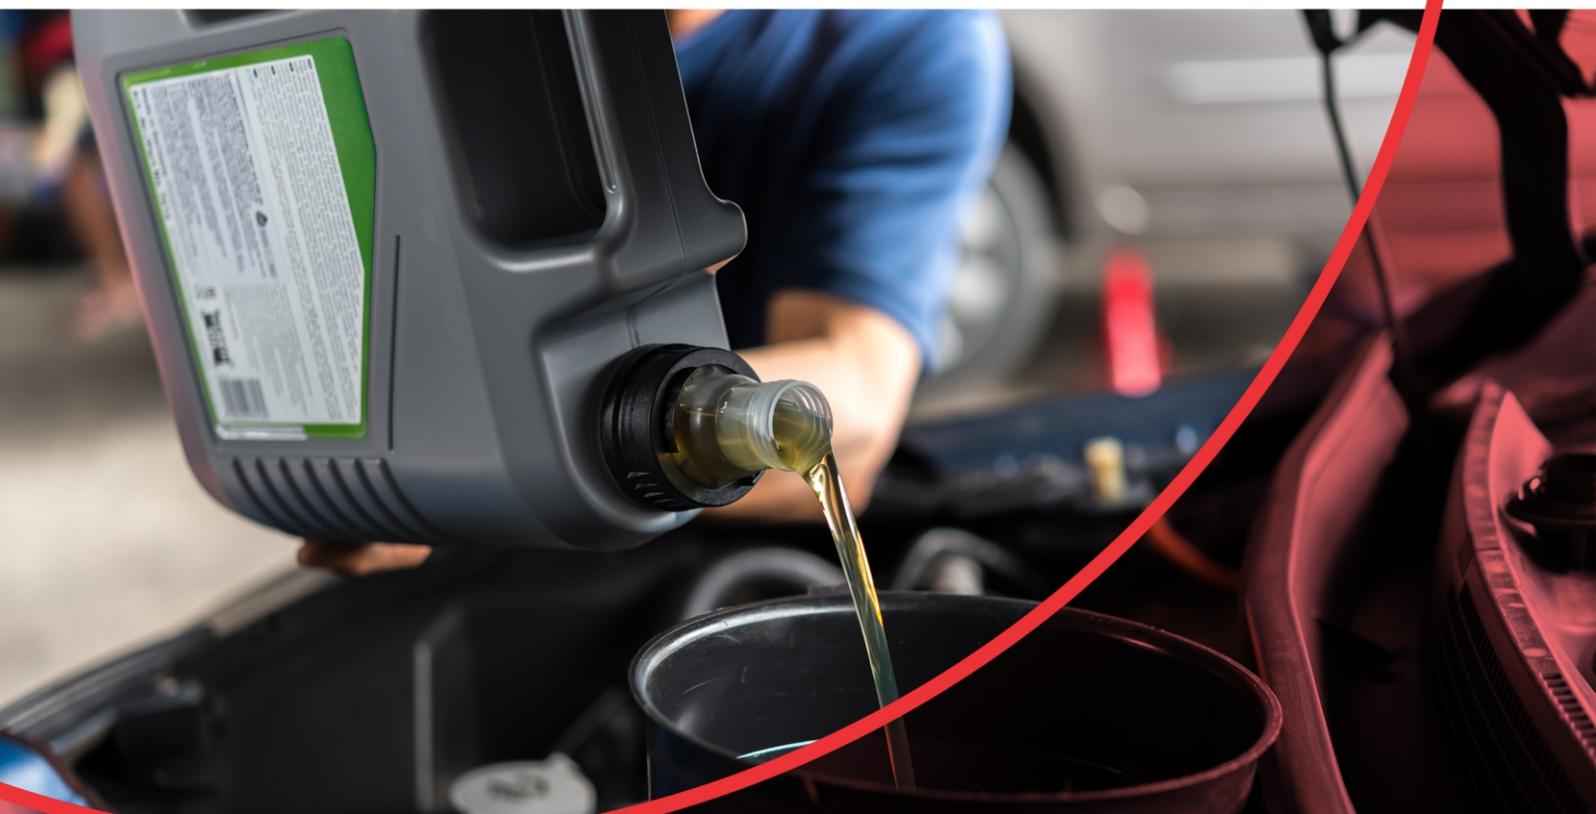

In the oil and lubricants sector, operational efficiency and safety are paramount and Dubble takes the lead in providing crucial label stock and release liners tailored for industrial applications.

We prioritize resistance to harsh environments and chemicals, ensuring our products stand up to the rigors of the industrial world.

Here's our specialty solutions-

Lubricant & Pesticides Bottles

| Face | Adhesive | Features |
|--|----------|--|
| Chromo (70, 80) gsm Silver Metalized Paper (80gsm) BOPP Silver Metalized (50μ) | HM-ST | 1- Metalized paper for glossy print finish also available. 2- Holt melt adhesive for odd edges. |

Oil & Chemical Drums

| Face | Adhesive | Features |
|--|----------|--|
| BOPP Synthetic Film (65, 75) μ | Acrylic | 1- Resists corrosive chemicals and is spill-proof. 2- Withstands harsh weather and outdoor storage. |

SECURITY INDUSTRY

In the security industry, where confidentiality and safety are paramount, Dubble plays a crucial role by providing high-quality label stock and release liners designed to meet the unique needs of this sector.

With a focus on tamper-evident materials, our label stock and release liners provide an added layer of protection, making it evident if any unauthorized access or tampering has occurred.

Here's what we offer-

Tamper Evidence

| Face | Adhesive | Features |
|--|------------------------------|-----------------------------------|
| 1- VOID (Clear, White, Grey, Red) | HM Acrylic Water Based | Leaves a layer to imply tampering |
| 2- TE (Tamper Evident) Film | | |
| 3- UDV (Ultra Destructive Violet) Film | | |
| 4- FOAMTAC Film | | |

Hologram

| Release | Coating | Features |
|---------------------------------------|---------|-----------------------------|
| Glassine (58, 60, 78, 88, 120) gsm | SLE | For easy peel and security. |

AUTOMOBILE INDUSTRY

In the automobile industry, label stock plays a pivotal role in product identification and branding. Engineered for durability and resistance to harsh conditions, our label stock ensures clear and lasting labels for tire specifications, barcodes, and branding, enhancing the visibility and longevity of critical information on automotive components.

Here's what you get with us-

Tyre Labelling

| Face | Adhesive | Features |
|--|---------------------|---|
| Chromo (80gsm) | HM Solvent Based | Designed for rough and textured surfaces. |
| BOPP (White 60μ, Silver Met 50p) | | |

Liners For Graphic Arts

| Release | Coating | Features |
|---------------------------------|---------|---------------------------------------|
| CCK (120, 135) gsm | SLE | 1- Ensures easy removal. |
| GLS (80, 90, 120) gsm | | 2- For smooth and consistent surface. |

BATTERY & ELECTRONICS

Engineered to endure exposure to battery electrolytes and withstand electronic manufacturing processes, our label stock ensures clear and accurate labels for component identification, traceability, and safety warnings.

Here's our specialities-

Mobile Battery

| Face | Adhesive | Features |
|---------------|-------------------|---|
| MPET (50μ) | High Bond Acrylic | 1- Designed to withstand high temperatures. 2- Engineered for durability. 3- Chemical resistant, ensuring extra protection. |

Acid or lithium battery

| Face | Adhesive | Features |
|--|----------|--|
| BOPP Synthetic Matt (75, 95) μ | AE | 1- Ensures high tack adhesion. 2- Spill proof adding to its protective layers. 3- Heat resistant ensuring durability in elevated temperatures. |

DIGITAL & OFFSET SHEETS

We offer a variety of sizes, weights, and finishes to accommodate diverse printing needs. Whether you require high-quality offset sheets for large print runs or digital sheets for personalized content, Dubble delivers materials that ensure exceptional print quality and consistency.

Here's our specialty solutions-

Digital Printing

| Face | Adhesive | Features |
|--|----------|---|
| Chromo (70, 80) gsm Mirror Coat (80) gsm DGL PET (Clear 46 μ , White, Silver, Golden 50 μ) | Acrylic | 1- High bond, ensuring durability. 2- No curl ensuring easy feeding, for efficient printing. |

Offset printing

| Face | Adhesive | Features |
|---|------------------------------|---|
| Chromo Maplitho Mirror Coat BOPP (Clear, White, Met, Matt) PET (All incl. Golden, Silver) | HM Acrylic Water Based | 1- No curl ensuring easy feeding, for efficient printing. 2- High quality paper for best print. 3- Back-cut also available. |

FMCG & COSMETICS

In the fast-moving consumer goods (FMCG) and cosmetics industries, where aesthetics, branding, and product presentation are crucial, Dubble provides innovative labelling and packaging solutions. Our materials are designed to enhance the visual appeal and functionality of FMCG and cosmetic products, ensuring that they stand out on crowded shelves and meet the highest quality standards.

Here's our specialty solutions-

Deep freeze food packets

| Face | Adhesive | Features |
|-----------------------------------|---------------------|---|
| Chromo BOPP (All) PET (All) | HM Solvent based | 1- Suitable for minus degrees also. 2- High quality facestock for sharp and vibrant print quality. 3- Highly durable and efficient. |

Cosmetic Bottles

| Face | Adhesive | Features |
|---------------------------------------|----------|--|
| BOPP (Clear 50μ, White 60μ) | HM | 1- Smudge protection from moisture. 2- Durable and long lasting adhesive effectiveness. |

Home & Personal Care

| Face | Adhesive | Features |
|------------------|-------------------|--|
| Chromo PE | HM Water Based | 1- Long lasting adhesive effectiveness. 2- PE for squeezable bottles to retain label shape. 3- Excellent Printability. |

Bakery

| Release | Coating | Features |
|---|---------|--|
| GLS (60, 80, 90, 120) gsm CCK (120, 135) gsm | SLE | 1- Heat resistant for ease in production of biscuits & cakes. 2- Designed to facilitate uniform heat distribution. 3- Resistant to grease and oil, preventing the absorption of excess fats. |

LIQUOR INDUSTRY

In the liquor industry, where branding and packaging plays a vital role in consumer choice, Dubble provides label stock and packaging solutions that enhance the visual appeal and quality of spirits, wines, and beverages.

Here's our specialty solutions-

Product Labelling

| Face | Adhesive | Features |
|---|-------------------|---|
| Silver metalized paper (80gsm) Chromo (70, 80) gsm | HM Water Based | 1- Allows for excellent printability. 2- Ensures enhanced visual appeal. |

LOGISTICS INDUSTRY

Logistics is the lifeblood of modern commerce, where the efficient movement of goods from manufacturer to consumer is essential. Dubble plays a vital role in this process by providing labelling and packaging solutions that ensure product identification, tracking, and safety throughout the entire logistics chain.

Here's our offerings-

Shipping and barcode label

| Face | Adhesive | Features |
|---------------------|-------------|---|
| DT (70gsm) | HM | 1- Long lasting print quality. |
| Chromo (80gsm) | Water Based | 2- Durable in tough environmental conditions. |
| BOPP (White 60μ) | | 3- Strong adhesive bond. |

Parcel Delivery System

| Face | Adhesive | Features |
|----------------------------|-------------------|--|
| Piggyback (Chromo/BOPP) | HM Water Based | <ol style="list-style-type: none">1. 1 layer of facestock + 2 layers of liner.2. Durable in rough environmental conditions. |

SPECIALITY

Dubble specializes in providing tailored labelling and packaging solutions that meet unique and challenging demands across various industries. Our expertise extends to crafting materials that excel in specialty environments, whether it's high-temperature resistance, tamper-evident features, or specialized adhesion requirements.

Here's our offerings-

Residue free label removal

| Face | Adhesive | Features |
|---------------------------------------|------------|--|
| Chromo (80gsm) | HMR WBR | 1- Allows for clean removal, without leaving any residue. |
| BOPP (Clear 50μ, White 60μ) | | 2- Ensures that labels display sharp and vibrant graphics, text, and barcodes. 3- Designed to withstand temperature fluctuations. |

Repositionable for Wet Wipes

| Face | Adhesive | Features |
|--|----------|---|
| BOPP (Clear 50 μ , White 60 μ) | HMR | 1- Resistant to moisture and maintains adhesive properties. 2- Re-stick multiple times as per requirement. |

Transdermal patches

| Release | Coating | Features |
|--|---------|--|
| PET Liner (Clear 50 μ , Met 100 μ) | SLPE | 1- Safeguarding active pharmaceutical components. 2- Ease of Application. |

Envelopes and Closures

| Release | Coating | Features |
|----------------|---------|---|
| Any two liners | SLE | 1- Allows for gum transfer via differential release force. 2- Ensuring secure sealing. |

Self-adhesive Tapes

| Release | Coating | Features |
|----------|---------|---|
| Glassine | SLE | 1- Available in single and both side coating. |

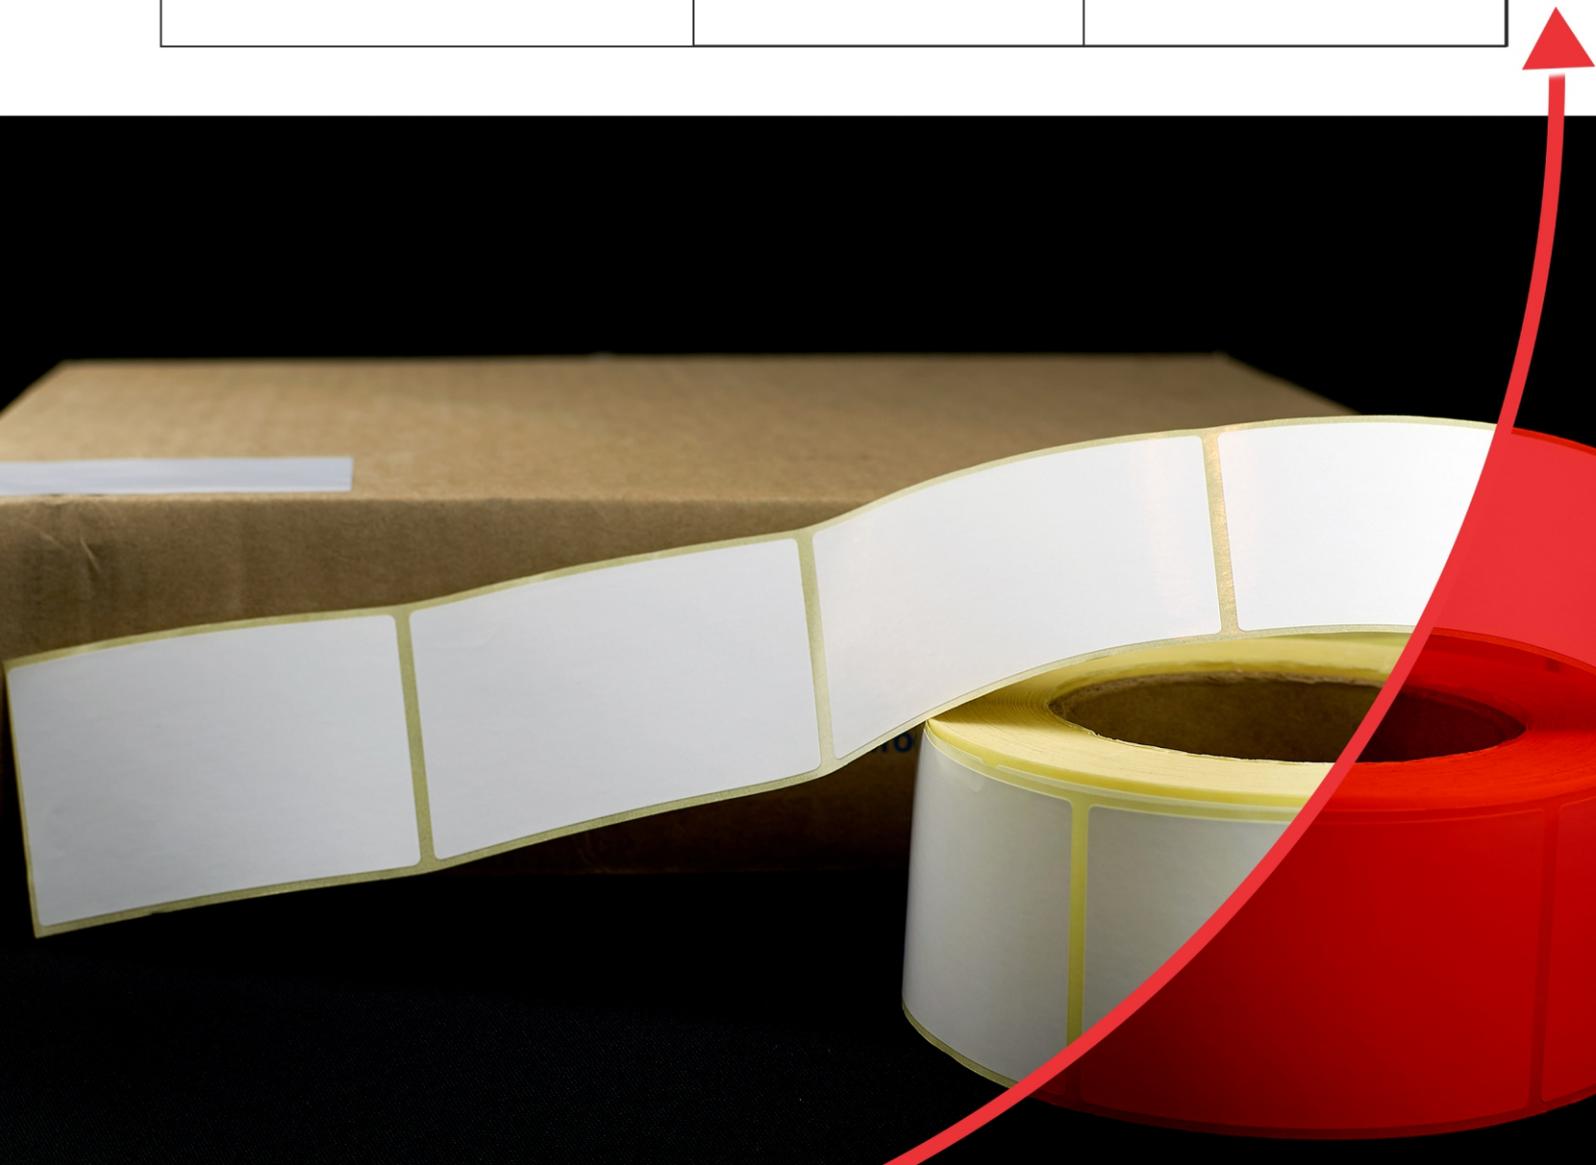

SHIPPING & BARCODE LABEL ROLLS

Here's what you get with us!

Our label rolls provide convenience and efficiency in labeling applications. Whether for product packaging, barcoding, or branding, our label rolls simplify the labelling process while maintaining the quality and consistency of your labels.

| Labels | Sizes | Features |
|---|---|----------------------------------|
| Direct thermal labels Chromo labels Filmic labels | Standard to all Standard to all Standard to all | Strong adhesive No curling up |

PRODUCTION CAPABILITY

Our facilities can produce more than 5.5 million square meters of label stock material each month, thanks to our silicone coaters and laminators that use hot-melt, water-based, and solvent-based adhesives. Plus, we can handle reels up to 60 inches wide.

Our manufacturing capabilities extend to both reel and sheet form, facilitated by our slitting and sheet-cutting machines.

CONTROL ON ESSENTIAL PARAMETERS

We have a wide range of adhesive tack and release force based capabilities tailored to your needs

PERMANENT

DEEP FREEZE

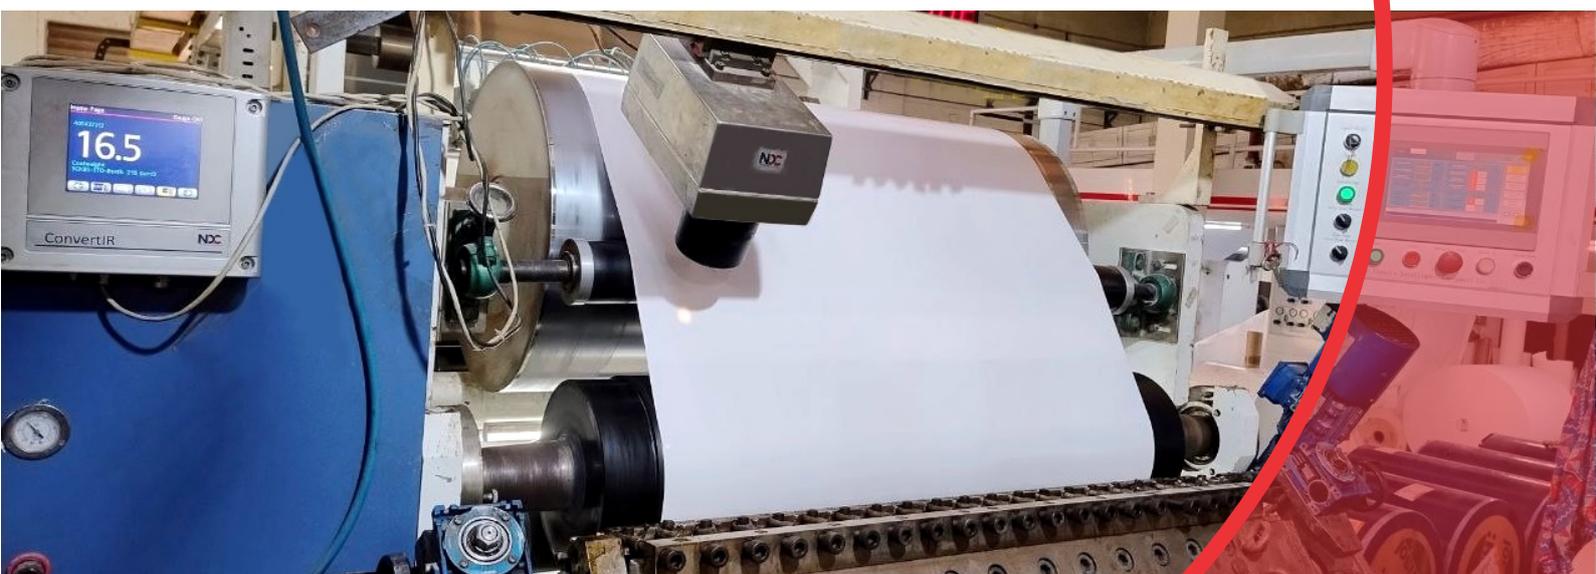

REMOVABLE & REPOSITIONABLE

HIGH TEMPERATURE GRADE

DIFFERENTIAL RELEASE FORCE

QUALITY ASSURANCE

We use only premium quality raw materials and adhere to industry standards such as the FINAT method to ensure the consistent and reliable performance of our label stock and release liners.

TRUST ACTIONS

We utilize industry-leading equipment, such as the loop tack tester, adhesion/release tester from ChemInstruments, COBB tester, weighing scale for gsm measurement, and micrometer for micron thickness, to ensure the highest quality in our manufacturing processes for label stock and release liners.

CORE VALUES

SAL Papers Pvt. Ltd. is built on a foundation of unwavering integrity and steadfast commitment. We believe in doing what's right over what's easy, prioritizing ethical practices over mere outcomes. Our goal is to deliver quality and take responsibility seriously, making sure our business makes a positive impact

INTEGRITY AND ETHICAL PRACTICE

Commit to ethical business practices, ensuring fairness, honesty, and respect in all dealings with customers, employees, and the community. Uphold moral standards and social responsibility at every level of operation.

EXCELLENCE AND DEDICATION

Focus on delivering high-quality products and services with a dedication to excellence. Encourage employees to perform their duties with commitment and passion, without being solely driven by personal gains or profits.

SERVICE AND COMMUNITY FOCUS

Foster a culture of service, prioritizing customer satisfaction and community well-being. Strive to serve beyond the transactional aspects of business, building lasting relationships based on trust and mutual benefit.
